We Value Your Frank Feedback – Give Us a Google Review

As a valued agency partner, your feedback matters, and we'd appreciate a frank review about doing business with us. Please **click here** to leave a Google review. **Please note: Google reviews are public and available for viewing by anyone.**

Additionally, we like hearing from our mutual customers about their experiences. If a customer seems satisfied with Frankenmuth Insurance, we'd appreciate your help soliciting their feedback by asking them to leave a review on Google.

Online reviews are utilized by consumers when researching companies, and those that have a solid online reputation stand out from competitors. Beyond consumers, prospective agents and employees use these public reviews to learn more about how we do business.

Please don't hesitate to reach out to us if you have questions. You can contact our team at marketing@fmins.com.
