

Employee Testimonials

“I have worked for Frankenmuth Insurance since 1994. From the moment I walked through the door for my first interview, I knew this was an organization to which I wanted to belong.

While there have been many changes throughout the years, things that have gone unchanged are the professionalism of the staff, the beauty of the facility, the understanding of leadership, and the "family first" direction of the executives. The kind, caring, compassionate view by the company and its leadership toward employees is something that has always impressed me in the past and continues to impress me with each passing year.

I am so proud to be an employee of an organization which stands by its promises to its customers and employees.”

The Leadership at Frankenmuth is both caring and respectful, and they make it a priority to get to know their staff on both a personal and professional level.

“I have worked at Frankenmuth Insurance for a year and a half, and it has been such a great experience thus far. Once I began working here I quickly realized Frankenmuth Insurance was more than just a work place – we are more like a family. I always enjoy coming into work because of the people that make up the company. Everyone at Frankenmuth Insurance seems to always have a positive attitude and a willingness to help out a fellow employee whenever needed.

The best part of my job is interacting with the Independent Agents as well as my fellow employees. I enjoy discussing different problems or situations that arise, and helping the agents or employees in solving any problem. Every day brings about different challenges, and I really enjoy that aspect of the job because it always keeps things interesting for me. It truly is nice to work at a company that really invests in their employees and that is why I truly enjoy working at Frankenmuth Insurance.”
