

Agency Binding Authority – Personal Lines

We have recently updated our Agency Binding Authority guidelines. The document link below outlines the risks that require PL Underwriter approval prior to binding coverage.

The guidelines are also accessible on the Frankenmuth website. Simply log into iBIS, select the Resources tab and then click on the Binding Authority option. This will take you to the Binding Authority Landing page for you to select the document for Michigan or Ohio depending on which Personal Lines state your agency is licensed in.

We hope you find the updated Agency Binding Authority guidelines helpful in submitting new business. If you have any questions, please contact your Personal Lines Field Manager, Underwriter, or me.

Thank you for placing your best business with Frankenmuth Insurance. We appreciate all you do for us.
