

CYOC Summer Standings are Starting to Sizzle

As the summer months start to heat up, so does the Chart Your Own Course program. Through the program, agents receive increasing levels of travel allowances based on the amount of premiums and policies they write this calendar year.

Topping the leader board in May and achieving tier one gold is Adam Stauffer of Stauffer & Wiggers, who has written \$9,774 in premiums with 23 policies issued.

Second place is held by Lynna Coward of Risk Managers, who finished with \$15,434 in premiums with 4 policies issued.

In third, Angela Hatto of River Valley Insurance Agency needs just one more policy to qualify at tier one gold. Hatto has \$7,666 in premium with 14 policies issued.

There's still plenty of time for agents to reach gold and platinum levels and earn as much as \$8,000 for the trip of a lifetime. Congratulations to all our agent partners on your achievements while bringing the value and protection of life insurance to our mutual policyholders.
