

FI Claims Adjusters on Standby to Handle Your Needs

As potentially strong storms continue to pose a threat to our southeast region, Frankenmuth Insurance wants to reassure our Agency Partners that we have claims adjusters on standby who are ready to travel at a moment's notice to provide on-the-ground assistance.

If you receive any claims that require escalation, please do not hesitate to contact our Claims Center at (800) 234-4433. We are available 24 hours a day, seven days a week.

The safety of our agency partners and policyholders is of utmost importance to us. We will remain watchful of the evolving weather conditions to ensure we can quickly meet your needs.
