

Frankenmuth Insurance Adjusters Stand Ready to Aid Southeast Partners With Claims Assistance

As Hurricane Dorian continues to pose a threat to our Southeast region, Frankenmuth Insurance wants to reassure our agency partners that we will have claims adjusters on the ground for immediate deployment after the storm and on standby in other states to provide assistance.

If you receive any claims that require escalation, please do not hesitate to contact our Claims Center at (800) 234-4433. We are available 24 hours a day, seven days a week.

The safety of our agency partners and policyholders is of utmost importance to us. We will remain watchful of the evolving weather conditions to ensure we can quickly meet your needs.
