

Frankenmuth Insurance Announces Rule Revisions for Ohio Homeowners

Frankenmuth Insurance announces rule changes for campers and travel trailers.

Effective June 1, 2021, camping and travel trailer coverage will no longer be available for new business on homeowner policies.

Please consider placing your camping and travel trailer business within our Personal Auto program. Did you know placing your camping and travel trailer business on the auto policy includes additional protection from perils such as flood and rodent damage?

If you have any questions, please contact your personal lines field manager or underwriter.
