# Frankenmuth Insurance Eases Life Underwriting COVID-19 Restrictions

Frankenmuth Insurance will now accept life applications for customers up to age 50 without the table rating restrictions imposed in April 2020, in response to COVID-19.

The table four maximum will remain in effect between ages 50-80, depending on the product, and will postpone any case that during underwriting review is determined to have co-morbidity issues with COVID-19.

We will continue to monitor COVID-19's impact and inform you of any changes in underwriting policies.

If you have any questions, please contact Marty Dinehart, Patriot Life Insurance Company's Executive Vice President and Chief Operating Officer, at 989-652-6121, ext. 2408 or martin.dinehart@fmins.com.
