

Frankenmuth Insurance Launches Michigan No-Fault Reform Resources in Agency Services

Michigan no-fault resources are now available in Agency Services to help you stay apprised of changes in workflows and processes through Frankenmuth Insurance, as well as start a conversation with your customers in advance of the law's July 2, 2020 effective date.

To get started, visit the No-Fault Reform page located under the Resources Tab within Agency Services to view and download the following materials:

- **No-Fault Reform Summary:** *Summary of Michigan's no-fault law reform, including easy reference links and helpful overview of each legislative change. For agency use only.*
- **No-Fault Agency Partner Q&A:** *Frequently asked questions from agency partners regarding order of priority, new PIP options, limits, and other no-fault law changes. For agency use only.*
- **No-Fault Reform Webinar Slides:** *Slides from the Michigan Agency Partner No-Fault WebEx presentation that highlights important timelines as well as upcoming Personal Lines, Commercial Lines, Claims and product changes as a result of no-fault reform. For agency use only.*
- **No-Fault Reform Webinar Recording:** *Recording of the Michigan Agency Partner No-Fault WebEx presentation that highlights upcoming Personal Lines, Commercial Lines, Claims and product changes as a result of no-fault reform. For agency use only.*

In addition, our [Michigan No-Fault](#) page is also available to help mutual customers access helpful information and tools such as:

- An overview of the changes passed into law
- A brief history of Michigan's no-fault law
- Helpful FAQs about order of priority, coverage changes, and more
- Recent news articles, legislation updates and government resources

As our filings are approved and our workflows are updated, we will also refresh Agency Services with additional resources, so we encourage you to stay tuned to our Agency Blog for more information as it becomes available.

For questions, please contact your field manager or underwriter.
