

Frankenmuth Insurance to Allow Agency Binding for \$1 Million Personal Umbrella Policies

Frankenmuth Insurance is pleased to announce a change to our Personal Umbrella product that provides binding authority on \$1 million Personal Umbrella applications if they meet eligibility criteria.

Effective May 1, 2018, these new authorities will be reflected in the Agent's Binding Authority document, Rule Pages and Application.

This change is a direct result of your feedback on our Personal Umbrella product, and we hope it makes it easier to cross sell Personal Umbrella with every Home or Auto policy.

If you have any questions about this change or would like more information about Personal Umbrella, please contact your underwriter or field manager.
