

iBIS Agency Services URL Now Available

In an effort to maintain our availability to write business with your agency and support our mutual customers, we have created an agent-only URL, <https://agents.fmins.com>, as a secondary resource to access iBIS Agency Services. You can still access iBIS Agency Services through our public website, fminsdev.wpengine.com.

This new URL will be available to agents beginning Monday, November 29, 2021.

We are pleased to offer this new URL to ensure our website is accessible. If you have any questions, please contact Automation Support at 800-234-1133, ext. 3000 or agencyservices@fmins.com.
