

Important Reminder Regarding Michigan No-Fault Reform

2022 will bring more than a new year, it will drive new changes to Michigan's no-fault auto insurance law. As a reminder, the amnesty period for policyholders to obtain insurance without penalty or increased premiums will expire on December 31, 2021.

Beginning January 1, 2022, policyholders may be denied coverage through Frankenmuth Insurance if they have not maintained insurance for more than six months.

As we prepare for another transition with Michigan no-fault insurance, we thank you for your partnership, feedback, and support.

Should you have any questions, please contact your field manager or underwriter.
