

Last Call! Scholarship Applications Are Due Today, May 15

We are encouraged by the number of students who have started the application process for a scholarship through the Frankenmuth Insurance Scholarship Foundation, but we need your help getting them across the finish line and formally submitting.

If you have a child who started the process, please check in to remind him/her scholarship applications and transcripts are due **TODAY, Monday, May 15, 2023, by 11:59 p.m. Eastern Time**. If you have a child who meets the criteria and hasn't applied yet, there's still time! The scholarship application, eligibility criteria, and submission instructions can be accessed through [iBIS Agency Services](#) on the Scholarship tab, located under Resources.

This opportunity is for **college students** whose parent or legal guardian works for an agency that represents Frankenmuth Insurance or its subsidiaries. Eligible students must be seeking a degree in insurance and risk management or a related business field. For more details about applicant requirements and criteria for the scholarship, please [click here](#).

Scholarship recipients and their parent or legal guardian are anticipated to be notified and announced in July 2023.

If you have any questions, please contact the Frankenmuth Insurance Scholarship Committee at scholarship@fmins.com.
