

New Commercial Lines Marketing Materials Now Available for Enhanced Equipment Breakdown Coverage Forms

Marketing materials for the Commercial Lines enhanced equipment breakdown coverage forms are now available.

New enhancements to the equipment breakdown coverage include electronic circuitry impairment, off-premises equipment breakdown, resultant loss from cyber events, and enhanced service interruption for internet, telecommunications, and cloud computing services, among others.

[Click here](#) to access the agent flyer.

To access both policyholder and agent flyers in the Agency Marketing Platform, log in to [iBIS Agency Services](#) and select Resources > Marketing > Agency Marketing Platform (AMP).

As a reminder, the updated forms will begin attaching to all new and renewal Commercial Lines policies with equipment breakdown coverage, effective April 1, 2023, and later.

Should you have any questions, please contact your Commercial Lines underwriter or field manager.
