

South Carolina Workers Compensation Tier Implementation

Effective 11/1/2023, the following changes will be implemented on our workers compensation product, impacting South Carolina locations.

1. Ansur America Insurance Company (Ansur) will no longer be an available company. All policies written under Ansur will be transferred to Frankenmuth Insurance.
2. A tiering program will be initiated to offset the removal of Ansur. The program will include the number of employees (full/part-time), the National Council on Compensation Insurance (NCCI) hazard group, and adjusted claim frequency. Tiering will not display on the declaration or any other paperwork.

Rest assured, between tiering and scheduled credits, we do not anticipate any hurdles to pricing either new business or your renewal book. Flexibility will remain as we continue to meet the Department of Insurance's scheduled rates and credit requirements for all carriers.

If you have any questions, please reach out to your field manager or underwriter.
