

We Value Your Frank Feedback

As a valued agency partner, your feedback matters, and we'd appreciate a frank review about doing business with us. Please consider leaving a review for us at bit.ly/FmuthGoogle.

Additionally, we like hearing from our mutual customers about their experiences. If a customer seems satisfied with Frankenmuth Insurance, we'd appreciate your help soliciting their feedback by asking them to leave a review on Google.

Online reviews are utilized by consumers when researching companies, and those that have a strong online reputation stand out from competitors. Beyond consumers, these public reviews are also used by prospective agents and employees to learn more about how we do business.

Please don't hesitate to reach out to us if you have questions. You can contact our team at marketing@fmins.com.
