

Contractors Group Opportunity Available for All Wisconsin Agency Partners

We're pleased to announce an exclusive partnership with the [Wisconsin Builders Association](#) (WBA) is available to all agency partners throughout the state. This new opportunity was created on April 1, 2020, and there is still a lot of opportunity to add policyholders to the group.

Through this exciting partnership, current and prospective policyholders who belong to the WBA can take advantage of discounted rates for BOP and CPP. The program also offers tailored coverage for contractors, educational opportunities with our Loss Control team, and more. Do you have a policyholder who might be a member of the WBA? Ask what chapter they belong to and then reach out to your underwriting team for a quote or updated policies.

For agents, becoming a WBA member is also a great way to expand your agency's network, earn referrals and grow your business. To learn more, please visit www.wisbuild.org/why-join-wisconsin-builders-association. The WBA offers three membership tiers, with the local level starting at \$37-525 per year, depending on your local association's dues. State and national [membership options](#) are also available.

We hope these opportunities through our group programs support your growth goals and make it even easier for your agency to do business with us. To reference the discount and commission rates for this group, as well as our complete list of group program and discount opportunities, please visit the [Group Information section](#) in Agency Services.

For questions, please contact Commercial Lines field manager Michelle Viscuso-Mauthe at (800) 234-1133 extension 4285 or Adam Abler at (800) 234-1133 extension 4276.
