

Frankenmuth Insurance Reinstates Automatic Building Limit Increase for Michigan Commercial Lines

Due to the continuing increase of building costs, Frankenmuth Insurance will reinstate the 4% automatic increase on building limits for commercial policies beginning with January 1, 2020 renewals. This will remain in effect until further notice.

Previously, the automatic increase was suspended for commercial renewals effective June 1, 2018.

If you'd like to discuss limits on an individual account during the renewal process, please contact your Commercial Lines field manager or underwriter.
