

Frankenmuth Insurance Revises Insurance Eligibility Rules for Speeding Violations in Michigan

Effective Jan. 5, 2018, Frankenmuth Insurance is revising our Insurance Eligibility Rules in accordance with Michigan House Bill 4427, which provides lower eligibility points for minor speed violations.

Prior to the passing of this Bill, speeding violations between 1-10 MPH over the limit were assigned two eligibility points. After Jan. 5, two eligibility points will be assigned for speeds by more than 5 MPH but less than 11 MPH, and only one eligibility point will be assigned for speeds less than 6 MPH.

If you have any questions or need further clarification on these revisions, please contact your underwriter or personal lines field manager.

Thank you for thinking of Frankenmuth Insurance for your new business needs.
